Dear Rich

I just had to let you know how very grateful (& happy) I am that you were able to place me with a new carrier, saving me many dollars!

After speaking with you, you called back within 15 minutes!! & had all the answers to the many varied and intricate questions as well as the applications required.

It was a refreshing pleasure to deal with such a competent & efficient live person instead of having to press buttons, hear music and deal with a computer!

Thanks so much
